Your wedding in Provence – an exceptional venue for an unforgettable day

An enchanting venue that combines the beauty of its location in the heart of the Provençal countryside with the elegance and refinement of a château, with an architectural style that is unique in Provence.

Château la Beaumetane is more than just a reception venue. It is a beautiful building, bathed in warmth and intimacy, perfect for celebrating the most special of days.

For your wedding in Provence, it is a magical place. In fact, this is how our brides and grooms describe the château, where elegance, nature and simplicity combine for a truly unique, authentic experience.

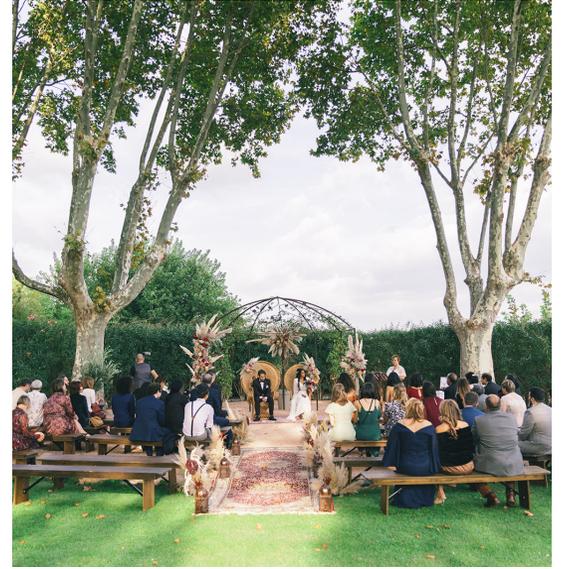

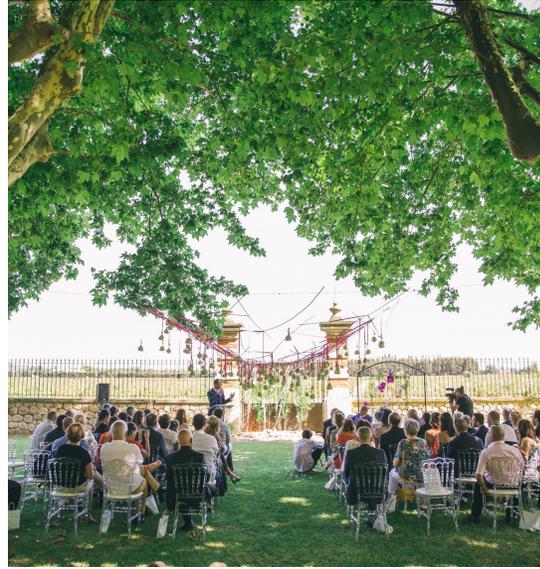

THE GROUNDS

The heart of the Provence countryside

Vines & Lavender

Château la Beaumetane is a jewel in the landscape of Provence. Surrounded by vines and olive groves, the Château sits in the heart of the rural landscape and the atmosphere is one of rural tranquility. The grounds have superb views across vines, fields and hills, with the lavender spread around the grounds adding further to the provençal feel.

In the shade of the chateau's magnificent plane trees...

The superb plane trees, as old and tall as the chateau itself, provide welcome shade, ensuring the immaculate grounds are a pleasant place to be even during the hottest days of the provençal summer.

Completely enclosed, the grounds provide the perfect space for your ceremony, your aperitif or perhaps for you to dine outside under the stars. Your smallest guests are able to play freely in complete security, whilst the newlyweds will find a variety of places for the most sublime photos.

Memories

The magnificent stained-glass conservatory transports you to a golden age as soon as you see it from the gates of the Château, and as you enter, it is clear this is a place steeped in character and history. And so the magic begins...

The beautiful reception rooms are infused with the elegance and refinement that make for an unforgettable day. The high ceilings, the original parquet floors and the beautiful chandeliers all add to the feeling that this is a place with a soul, and this adds to the intimate atmosphere. A magical place to spend the most magical of days.

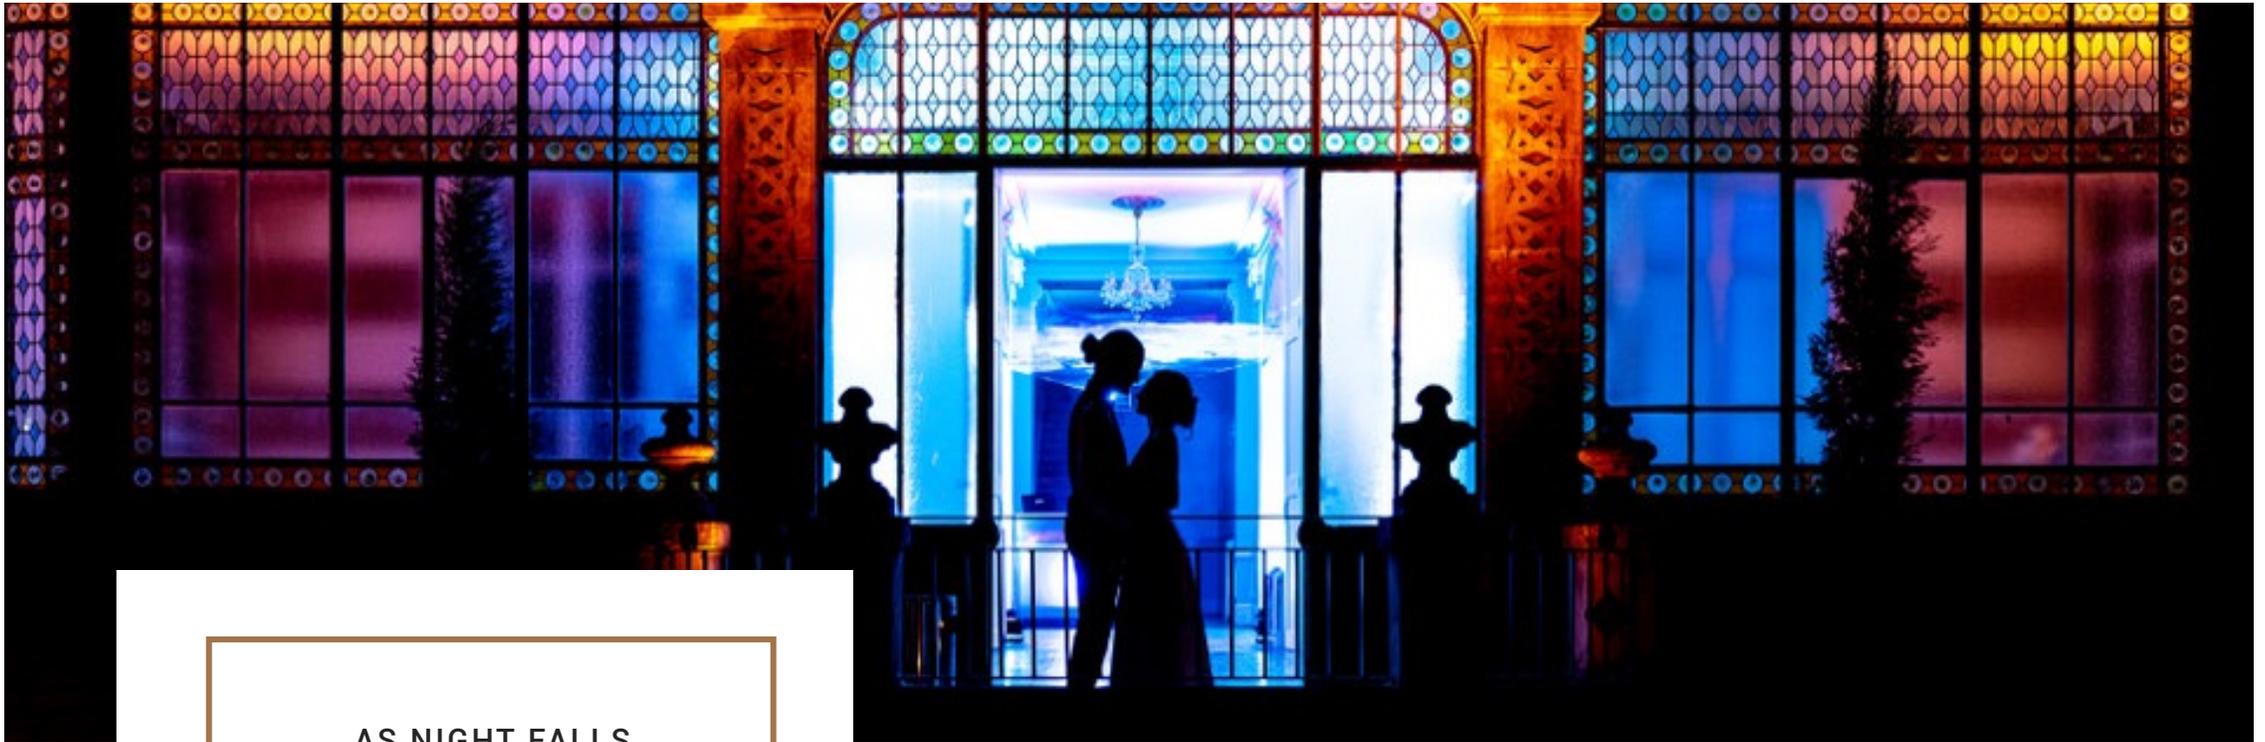

An exceptional venue for the perfect day – the reception space

The fully air-conditioned reception space can accommodate 120 people seated at round tables with a dance floor. The ground floor is a flexible space that can be arranged according to your needs.

In particular, you can use the space to create a single room of 100 people seated at round tables. We can also create a warm atmosphere for a more intimate wedding (the smallest we have hosted was for 17 guests !).
