# Your wedding in Provence

an enchanting setting for  
an unforgettable day

An enchanting setting that combines the pastoral charm of the Provencal countryside with the elegance and refinement of a château with architecture that is unique in Provence.

Château la Beaumetane is much more than a reception venue. It's a magnificent setting bathed in warmth and intimacy, perfect for celebrating the most special of days.

For your wedding in Provence, a magical place, a romantic and friendly haven of peace. That's how our brides and grooms describe the château. Elegance, nature and simplicity for true authenticity.

THE GROUNDS

# The heart of the Provence countryside

*Vines & Lavender*

Château la Beaumetane is a gem in the landscape of Provence. Surrounded by vineyards and olive groves, the Château is located in the heart of the Provence countryside. It's a haven of rural tranquillity and bucolic calm. From its grounds, the view is one of vineyards and fields. What's more, the park is shaded by our superb plane trees, which are as tall as the Château itself.

# In the shade of the château's magnificent plane trees...

---

The superb plane trees, as old and tall as the château itself, provide welcome shade, ensuring the immaculate grounds are a pleasant place to be even during the hottest days of the provençal summer.

Completely enclosed, the grounds provide the perfect space for your ceremony, your aperitif or perhaps for you to dine outside under the stars. Your youngest guests are able to play freely in complete security, whilst the newlyweds will find a variety of places for the most sublime photos.

## THE RECEPTION SPACE

# Elegance, intimacy and charm

*Memories*

The magnificent stained-glass conservatory transports you to a golden age as soon as you see it from the gates of the Château, and as you enter, it is clear this is a place steeped in character and history. And so the magic begins...

The beautiful reception rooms are infused with the elegance and refinement that make for an unforgettable day. The high ceilings, the original parquet floors and the beautiful chandeliers all add to the feeling that this is a place with a soul, and this adds to the intimate atmosphere. A magical place to spend the most magical of days.

# An exceptional venue for the perfect day – the reception space

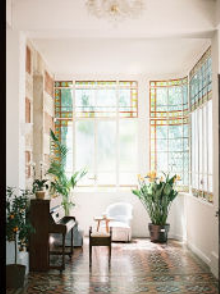

---

The fully air-conditioned reception space can accommodate up to 120 people seated at round tables with a dance floor. The ground floor is a flexible space that can be arranged according to your wishes.

In particular, you can use the space to create a single room of 100 people seated at round tables. You can equally create a warm atmosphere for a more intimate wedding (the smallest we have hosted was for 17 guests !).

# An exceptional place to feel at home

Château la Beaumetane is a place where you feel at home as soon as you arrive.

La Beaumetane is, in effect, a « home away from home » and many of our brides and grooms have told us how important this was for them in helping them enjoy and get the most out of their perfect day.

AS NIGHT FALLS

# The magic begins

*Fairy-tale*

As night falls, you will enjoy shimmering lights  
and a sky full of stars.

The Château and its grounds provide a magical  
experience for you and your guests.

A HAVEN OF PEACE

# The wedding suite

—  
*Magic*

A majestic setting, an escape from the outside world, a chance to spoil yourselves... After your special day, it is the perfect setting for you to relax and reminisce together about your first day as a newly married couple.

# The final preparations

The château can also welcome you and those closest to you for your final preparations, creating more wonderful memories that can be immortalized in magnificent photos.

A room where the younger children can be looked after during the evening festivities is also available on the first floor.

FOR ADDED COMFORT
